Reflect

Which 'P' is your personal strength?

Which 'P' is most prominent in your school?

What examples do you have of any of the 3 Ps in action?

Key tasks

All Programmes

Developing your teachers

You will need to:

- Audit your teacher's IB-certified workshop experience
- Compile 3 lists:
 - Compliance needs - *who **requires** PD for you to be compliant with IB rules - "must have"*
 - Enhancement needs - *not mandated by IB, but adding value to your teachers - "should have"*
 - Innovation needs - *stretching the skills; looking for the future; readying for a change - "could have"*
- Ensure all have registered for My IB, and you have registered them for IBIS (where appropriate)

Consider a Padlet like [this](#) or [this](#) at the beginning of the year to collate PD resources, activities and teacher reflections as you go.

IB rules on PD

- HOS must attend HOS workshop or Heads/Global conference once
- **Coordinator** must attend relevant workshop once (this is you!)
- PYP teachers must attend relevant workshop once
- MYP teachers: one per subject group must attend relevant workshop once, including current guide
- DP teachers must attend relevant workshop once, including one teacher per subject on current guide
- TOK/CAS teachers/coordinators must attend relevant workshop once
- PPS teachers must attend relevant workshop once
- One person per school must attend Service Learning workshop once (CP).

Workshops

The Evaluation Cycle

Where is your school in the cycle?

Once you know when your next visit will be, you will need to:

- Begin organising certain documents ready for submission (full list in Appendix 1 of *Guide to Programme Evaluation*).
- Guide your subject leads through ensuring curriculum documents are up to date.
- Choose which *Programme Development Plan* will be submitted to IB, or begin the process of recording one.
- Use the *self-study questionnaire* to frame conversations for various committees to audit and plan improvements for each PSP category.

Curriculum Development

With each subject/grade level leader, ensure that documentation shows:

- Unit planners reflect current guides
- Learner Profile and AtLs are meaningfully integrated with specific examples
- Central/core programme themes are integrated with specific examples, e.g.
 - Key/Specified concepts
 - TOK
 - Global Contexts
- Student actions and experiences are prominent
- Horizontal and vertical articulation is purposeful and planned
- Learning is supported by relevant resources
 - In DP/CP, 'relevant resources' in certain subjects must include some common equipment (e.g. data loggers, studio, tools etc)
- Learning experiences equip all learners to meet all the required assessment criteria/objectives
- Collaborative planning and reflection takes place regularly.

Dual Ambassador Role

In the IB's eyes, you are the most important person at the school.

That's why they email you with almost everything, not the head.

You are **required** to:

- Inform IB of any changes to leadership, including the coordinator
- Inform IB of any significant change in the school operation, such as relocation, major renovation, organisational structure or ownership change
- Report to the IB any time the school cannot meet one or more of the *Rules for IB World Schools* (Article 2 also spells out that this includes other regulation docs)
- Keep 'My School' updated (via My IB). This cascades to the IB website and IBIS.

Informing/Marketing New Recruits

- Students: when do you first meet them?
- When do you meet the parents?
- Is there an element of choice for them? Admissions, alternative programmes, subjects?

You may need to prepare:

- Presentations and collaborative workshops to learn more about your programme, and IB philosophy
- Brochures and written curriculum guides for non-educators
- Subject options forms and processes
- Taster learning days and transition timetables

Key tasks

Programme Specific

Release of assessment material

For MYP eAssessment, DP & CP only.

Coordinators need to ensure the right teachers have the right access/awareness at the right times:

- **MYP Partially completed unit planners** (for ePortfolio subjects) and this year's chosen **global context** released: 1 November (1 May)
- MYP interdisciplinary exam **pre-release material**: 1 April (1 October)
- MYP **exam packs**: download 7 days before each exam
- **TOK Essay** titles: 1 September (1 March)
- **Subject-specific** pre-releases - e.g. Business Management; Film; Computer Science - differing dates, can change with updated guides.

Registering students

MYP, DP, CP only.

- MYP - all MYP 5 students for *at least* Personal Project: 20 October (20 April)
 - Special request language provision request for personal project: 1 year earlier (20 Oct/Apr of MYP4)
- CP & DP: 15 November (15 May)
 - Special request Language A: 1 year earlier (15 Nov/May of DP1)
- MYP, CP & DP Inclusive Access Arrangements: 15 November (15 May)

Fringe cases:

- Session-restricted subject/language combinations: “Early session arrangement”
- Groups 3-6 responses in special request language: 15 Nov (15 May) of DP 1.
- Non-regular Diplomas: 15 Nov (15 May) of DP 1.

Uploading coursework

Using the ePortfolio (MYP) or eCoursework (DP/CP) platform linked within IBIS.

Uploads cannot commence until marks are entered in IBIS and, if applicable, samples have been generated by you.

- eCoursework (DP/CP) platform opens: 15 January (15 July)
- ePortfolio (MYP) platform opens: 1 February (1 August)
- DP/CP Early Component deadline (TOK, EE, Lang A HL, Arts): 15 March (15 September)
- Personal & Reflective Projects, ePortfolios, DP/CP IAs deadline: 20 April (20 October)
- DP/CP EAs: 30 April (30 October)

Results

You are the main font of understanding on this.

- Pre-release available to you 1 day before students
- You will need to pre-empt this:
 - Ensuring students have their logins to get their own results as soon as IB release them
 - Ensuring students know their options if results weren't as hoped
 - Having your analysis spreadsheets, formulas and conditional formatting ready to go before the day
- Lead staff through analysis and reflection of their own subjects: feed forward the insights!
- DP Coordinator's Results Analysis Template on my website (kpburgess.com/leadership-resources)
- IB Insights / Acadamigo

Collaboratively Creating Assessment Calendars

Each DP/CP school is mandated by IB to provide a spread load of assessments for students.

IB's deadline for you is April (October) 20/30.

This does not mean the students' deadlines are here!

Before the end of each school year:

- Upskill teachers on the benefits and possibilities of spread/early IA deadlines, reflect on last year
- Key thought: apart from Lang B, all IAs can be done in Year 1 (but don't)
- Integrate EE, TOK and university application crunch dates (EE draft in DP 1)
- Work with subject leads: gather their preferred dates
- Go away and spread these out - compromises!
- Firm up dates and publish the 2 year calendar before end of year.
